

Amy Bomke

Candidate's statement for position of 2nd Vice President

I have been a foreign language teacher and advocate for over 20 years with almost all of my career spent in Indiana teaching at both the high school and collegiate levels. During that time I have benefited greatly in my professional development by attending conferences and collaborating with other educators. When I was presented with the opportunity to be nominated for the position of IFLTA 2nd Vice President, I knew it was something that I should pursue. In my volunteer work in both my personal and professional lives, I have seen that there is always a need for new people to participate in order to carry out existing programs and ideas and bring new ones to the table. It's that renewal that keeps us all fresh and inspired. I think that my broad experience teaching all levels of Spanish at high schools, both urban and rural, and at the collegiate level would make me an asset to the IFLTA board as well as allow me to continue my professional growth as an educator.
