

Why do I want to become Vice president of IFLTA at this time of my career?

-- Concha Marin

There are few reasons; I have always liked the idea of being able to implement positive change to benefit all those around.

I know that I can make a difference with all my experience attending all kinds of conferences, belonging to different associations and being a presenter myself.

I have been a leader at the AATSP Level and I enjoyed my time as President. Of course, all the successes that we had weren't just my doing. I had a great group of colleagues that worked tirelessly to make our chapter the best it can be in the whole nation. Also, I have been in charge of the Poster Project, Immersion Day and many other activities that make me think that I am very capable to take on this position. I am currently the secretary for the INNELL Association."
